ENERGY SAVING MEASURES

- Continued to use LED's and actively turned off lights and computers outside of work hours
- Continued to compost food waste and recycle all other waste
- Continued to implement behaviour changed geared to promoting energy efficiency in the workspace

MOTIVATION

“ We wanted to see if there was anything further we should be doing to lower our carbon footprint in the shop and office. Our next task is to trace the supply chain of all of our products, reduce the carbon output wherever we can and offset the rest ”

HETTY SCROPE
Business Representative

RESULT

Switching to renewable energy and gas options has cost us more financially but we hope that in the long run our energy saving choices will save us money.

We are happy to be moving towards our goal of being a more eco friendly business.
