

NEWSLETTER

SPRING / 2018

EDITORIAL MESSAGE

Dear Reader,

In the spring edition of our newsletter we would like to draw your attention towards the many benefits of the season in terms of energy savings! The increasing amount of sunshine is not only a great mood-booster but also the best possible alternative to artificial lighting. Use it wisely, and you will witness a significant drop of your energy-related company bills!

But don't take our word for it: join our currently running START2ACT Spring Challenge to win an Alexa-enabled Amazon Echo, gain EU-wide exposure for your business and enjoy the positive change!

Meanwhile, the START2ACT team has prepared some great tools for you to increase your office-related energy efficiency, such as the complete E-learning for employees and managers and the Interactive Social Forum.

**If you're new to the energy efficiency field,
we've got you covered as well:
join our SME and start-up consultancy activities
and be ahead of your competition!**

START2ACT NEWS

FOURTH PROJECT MEETING

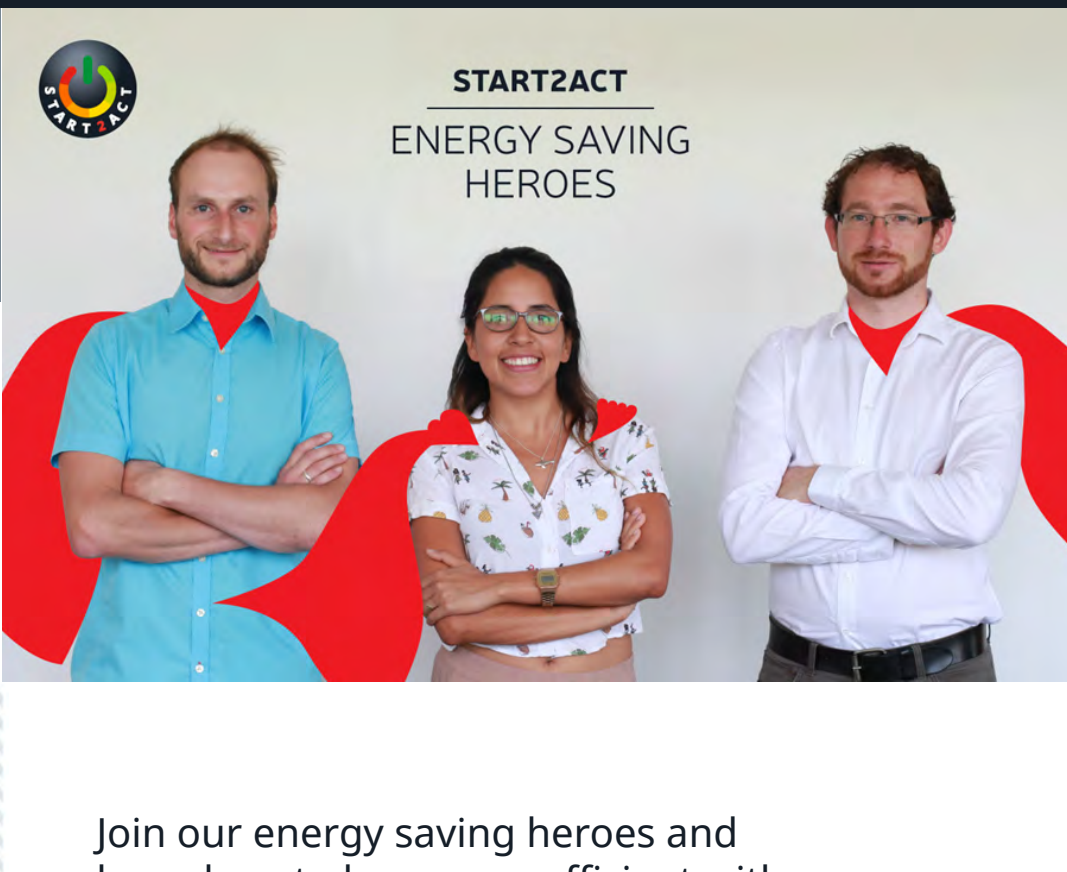

The fourth project meeting took place in Prague on the 28th and 29th of March. **Find out how it went.**

INTERACTIVE SOCIAL FORUM AND ASK-THE-EXPERT FEATURE

THE INTERACTIVE SOCIAL FORUM

is the platform to discuss all your burning energy efficiency related questions and thoughts. You can directly engage with fellow entrepreneurs or ask questions from the START2ACT expert team through the Ask-the-Expert feature.

[JUMP TO THE INTERACTIVE SOCIAL FORUM](#)

#S2ACHALLENGE

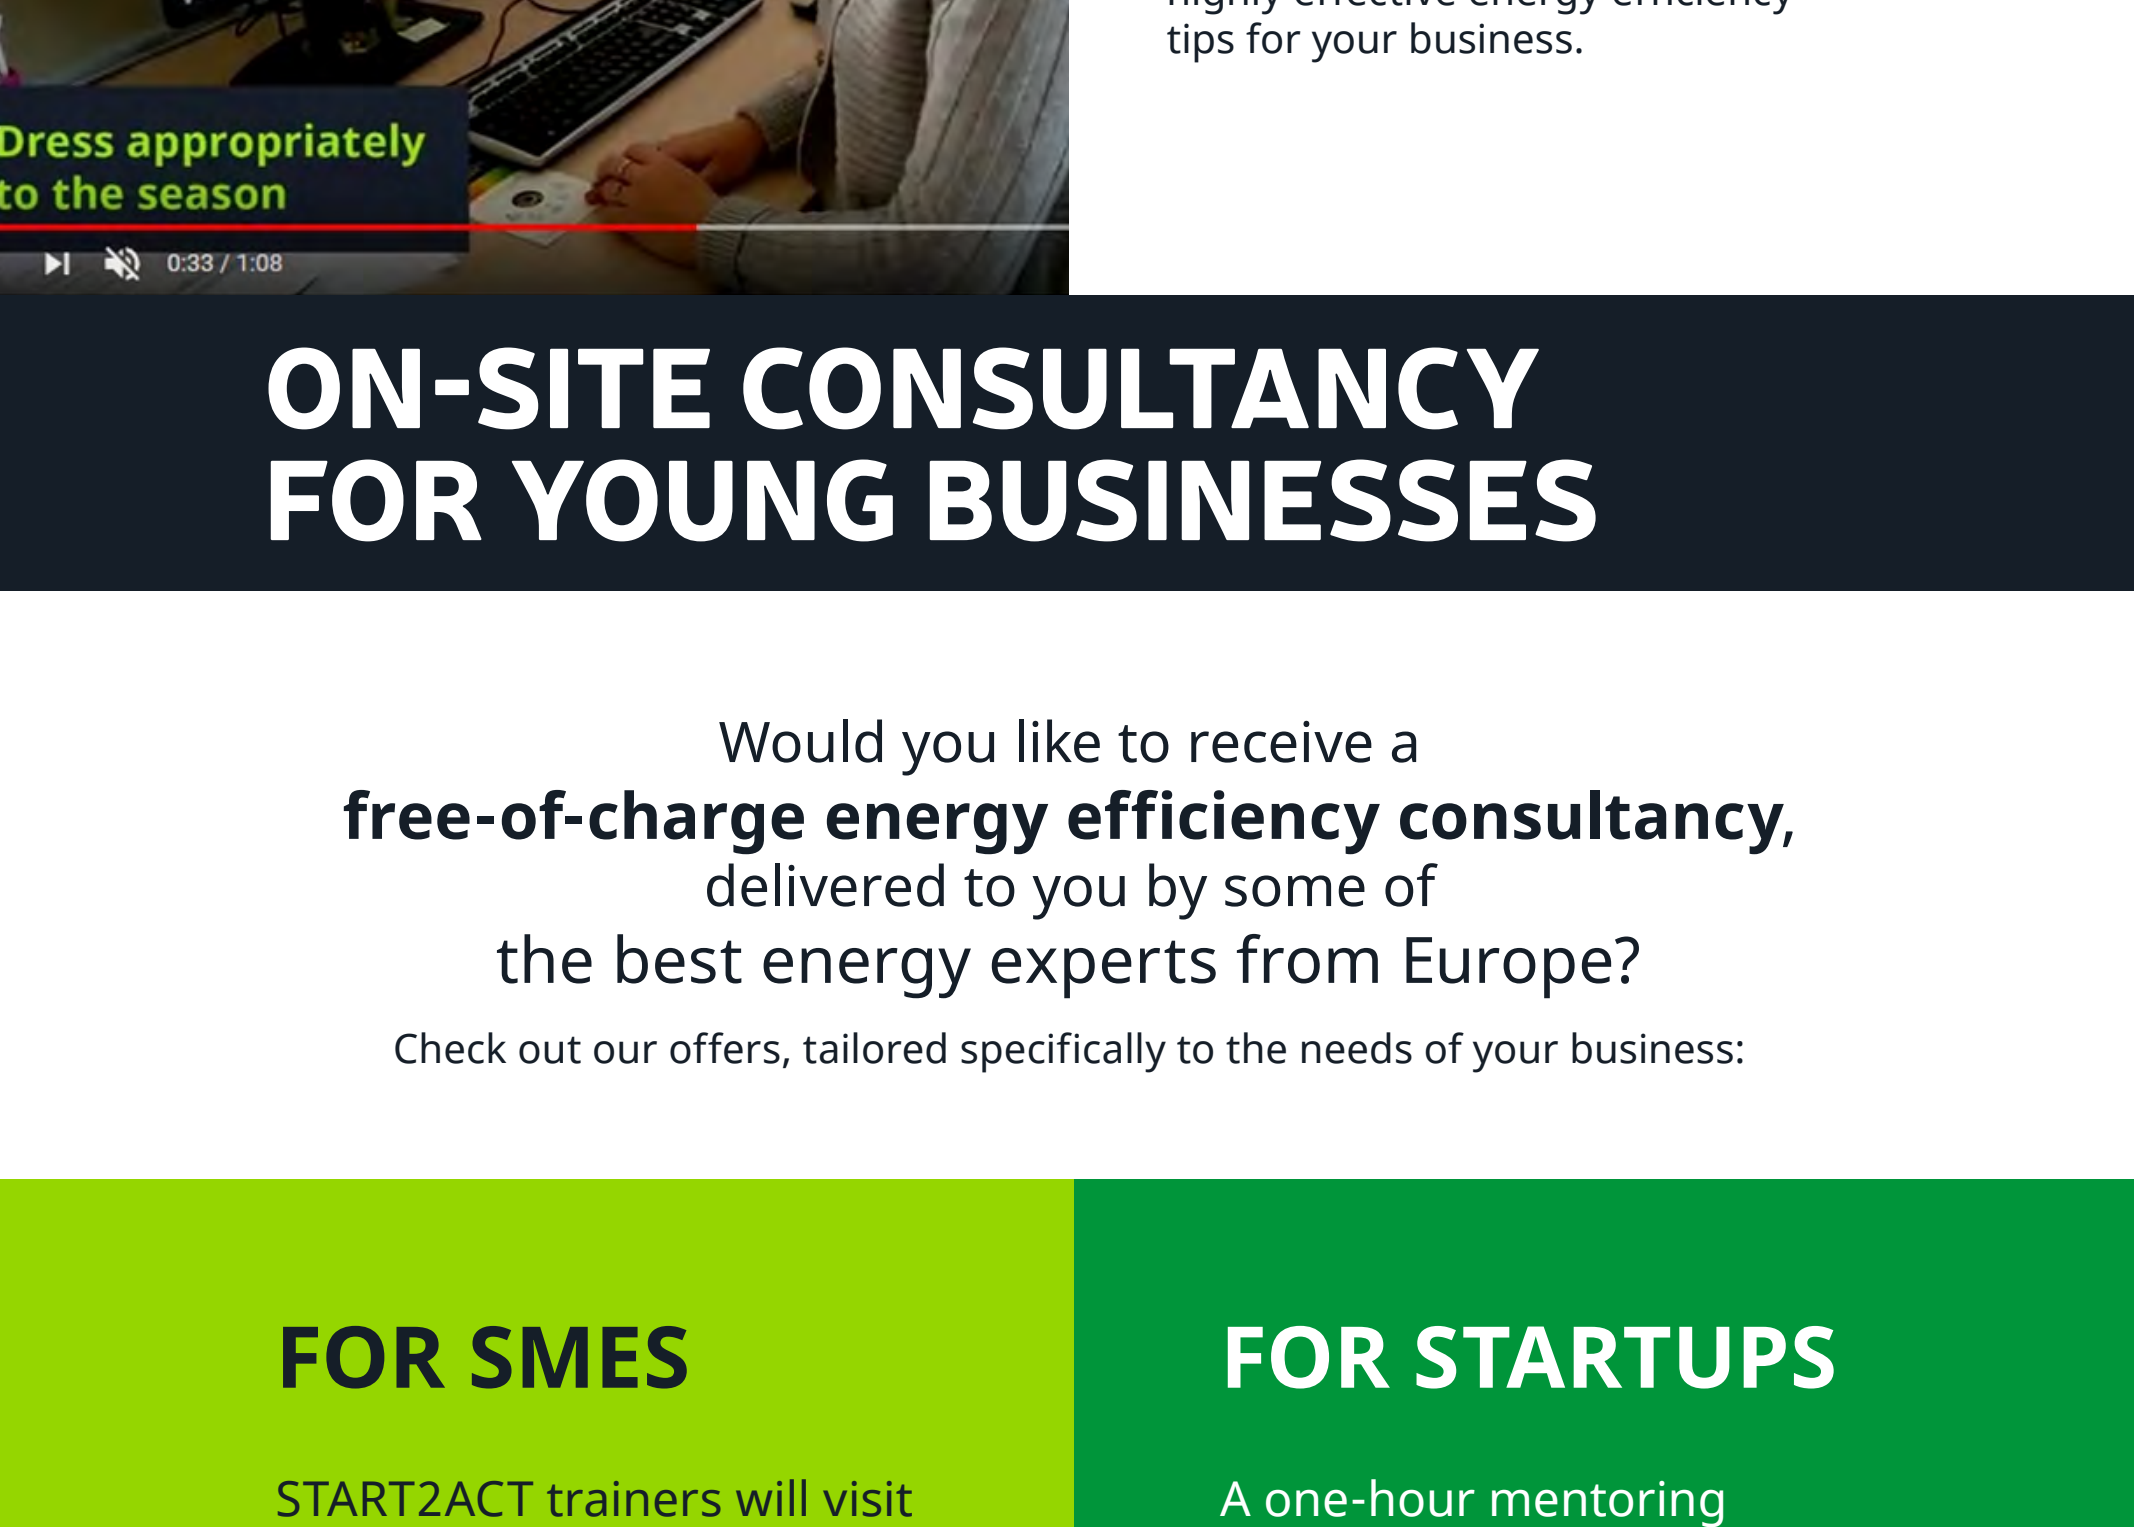

The Winter Challenge incited some very good solutions on how to save energy efficiency on heating during the cold weather! This time we have two winners: the Hungarian restaurant Nimród (Bacchus Kft.) was quite convincing with their high quality video and diverse energy efficiency solutions, while the Croatian DS Consulting upgraded their windows for better insulation.

[READ THEIR STORIES AND GET INSPIRED!](#)

PREVIOUS WINNERS

SPRING CHALLENGE

THE START2ACT SPRING CHALLENGE is your chance to show **your best practices and ideas on how your office saves energy on lighting**. Enter now to win an Alexa-enabled Amazon Echo or one of our solar-powered power banks and get EU visibility for your energy efficiency efforts!

START2ACT AT THE WORLD SUSTAINABLE ENERGY DAYS

We had the honour to be featured in this year's gathering of the global energy efficiency expert community and to present the core activities and results of START2ACT. Read more about the event and our contribution to it [here](#).

SPOTLIGHT ON...

TAKING ACTION ON ENERGY EFFICIENCY AT THE OFFICE!

The main goal of START2ACT is to reduce office-related energy consumption. In this short video we would like to share some basic, yet highly effective energy efficiency tips for your business.

ON-SITE CONSULTANCY FOR YOUNG BUSINESSES

Would you like to receive a **free-of-charge energy efficiency consultancy**, delivered to you by some of the best energy experts from Europe?

Check out our offers, tailored specifically to the needs of your business:

FOR SMES

START2ACT trainers will visit your company three times and help you devise an energy statement as well as come up with a customized energy management plan. We put great emphasis on engaging your co-workers, too!

FOR STARTUPS

A one-hour mentoring activity which fits perfectly into the regular business development courses for your fresh company. Learn how to reap the benefits of energy efficiency from the conception of your business!

INTERESTED?

Drop an e-mail to info@start2act.eu and we will get back to you!
